Good to know

Patterns are printed and glazed onto a white crystallized glass body. Exposed edges show the white body.

Colour is consistent from batch to batch.

To see the colour and finish in your hand, request physical samples.

Your own pattern

- 01 Send us an image, such as a stone photo or a design.
- 02 We draw the pattern and send it to you for approval.
- 03 When you approve the layout, we start production.

To request samples, email sales@sinosurface.com with the colour codes, thickness and finish. You can also choose up to six colours on sinosurface.com/colours.
